Environmental Policy

Saha Pathana Inter-Holding Public Company Limited

Saha Pathana Inter-Holding Public Company Limited, responsible for managing the central wastewater treatment system at Saha Group Industrial Park, recognizes the importance of the environment. Therefore, the Company has implemented an environmental management system and developed an environmental policy to serve as a guideline to comply with, maintain and continuously improve environmental conditions, whereby senior management and all employees are committed to the following actions:

1. Comply with all relevant environmental laws and regulations by adopting various criteria as the minimum standards for the Company's operations.
2. Monitor and evaluate the conservation and utilization of natural resources with a strong commitment to proactive pollution prevention, including wastewater management, reducing impacts, and adapting to climate change to effectively minimize environmental impacts while maximizing resource efficiency.
3. Raise awareness among employees at all levels, including contractors and companies within the Saha Group Industrial Park, about the importance of and responsibility for implementing the Company's environmental policy and environmental management system while also communicating its environmental policy to stakeholders.
4. Establish objectives and goals for the environmental management system to be implemented and reviewed.
5. Operate in accordance with the Company's environmental management system to uphold its commitment and facilitate continuous improvement of the system.
